# ABOUT JUPITER SEAFOOD FESTIVAL

## WHY BE A SPONSOR OF JUPITER SEAFOOD FESTIVAL?

The Jupiter Seafood Festival originated in 2012 in downtown Abacoa. In 2016, the festival made the move east to beautiful Carlin Park which resides across the street from the Atlantic Ocean. This festival provides select national and local companies the opportunity to market their brand and products to 20,000+ festival attendees over the two days. The marketing and advertising benefit your company will receive ranges from extensive print material, web, social media, radio, tv and street banners. In addition, sponsors have the opportunity for on-site presence and the ability to come in contact with the affluent demographic of Northern Palm Beach County. The Jupiter Seafood Festival is a two day festival that celebrates this area's nautical culture and is filled with fresh seafood, live music, unique nautical vendors and family entertainment. The event demographic appeals to all ages and interests while focusing on community fun.
